Dear Ms. Layton and Mr. Letcher:

Thank you for your letter concerning construction of the Resurrection Baptist Church at the corner of New Hampshire Avenue and Ednor Road in Ashton. I understand your concerns regarding the removal of trees and other vegetation at the construction site. I have requested that Mr. Rick Brush of the Department of Permitting Services (DPS) monitor Planning Board's decisions on this matter to confirm that all applicable standards have been met. He will also coordinate construction activities with Planning Board staff once any decisions have been made.
