NO to ez storage facility!

Dear Sir or Madam,

I strongly oppose the ez storage facility in close proximity to residential area which will violate the rural character of the area and further decline values of real properties.

I am sure you will see what can be done to relocate this project to the more appropriate area and avoid confrontations and possible litigations.

Now when we all are trying to live green life the decision to approve this facility in the middle of residential area is not going to be right.

Sincerely,

Victor Slootsky
